Briefly, explain your coaching philosophy and overall approach/coaching demeanor:

MTK strives to provide an environment that allows each player to develop to his or her fullest potential. Coach selection is critical to this goal. The Coach Selection Committee will evaluate coaches based on various criteria; ie. Experience, training, player needs, parent evaluations, attitude, enthusiasm, dedication, and history. Selection of Coaches requires acceptance of MTK's Code of Conduct and Policies and Procedures. Selected coaches will also be required to submit a Police Records check.
